ABOUT ME

Dynamic Laravel Developer with a proven track record at Impero IT Services, specializing in crafting robust web applications. Proficient in HTML, CSS, and PHP, I excel in UI/UX design and quality assurance, delivering exceptional user experiences. My strong problem-solving skills and expertise in the Laravel framework drive project success and client satisfaction.

EDUCATION

Bachelor's in Computer Application
Lok Jagruti Kendra University
2021 – 2024

Higher Secondary Education
Dakshinamurti Vinay Mandir
2019 – 2021

SKILLS

- HTML
- CSS
- JAVASCRIPT
- PHP
- LARAVEL
- UI/UX

LANGUAGE

- Gujarati
- Hindi
- English

PROJECTS

Blood Donation
Laravel | Duration: 1 Month

- Built a scalable website using Laravel's MVC architecture with a responsive front-end using HTML, CSS, Bootstrap, and JavaScript, and implemented secure user authentication and authorization for donor data access.

Khel Cricket Management
MERN | Duration: 1 Month

- Built a real-time cricket app using the MERN stack and Socket.IO, allowing users to manage players, teams, and matches, and update live scores instantly. The application also includes additional features such as a news section for cricket updates, FAQs for user guidance, and a Contact Us page to enhance user support and engagement.

PHD Entrance Exam
Django | Duration: 1 Month

- Developed a secure exam portal with applicant data storage, registration with validation, and an admin dashboard for managing schedules, reports, and seating—using HTML, CSS, Bootstrap, and JavaScript.

Khel Cricket Hub
React Native | Duration: 1 Month

- Developed a real-time cricket application using React Native and Socket.IO, enabling users to create and manage players, teams, and matches, with live score updates reflected instantly across devices. The app ensures a smooth and responsive user experience tailored for mobile platforms.
